Dear Publisher:

Enclosed is the Fourth Quarter 1989 microform royalty payment accompanied by a statement detailing the basis of payment. This represents the months of November, December and January.

Commencing with the next scheduled royalty payment we will apply an increase of 5% to the "cost basis". The cost basis is an established standard market rate for the publication(s) on microfilm/microfiche (or an approximation thereof if there is no established standard market rate). As a result, your payment will reflect this increase.

Additionally, we have enclosed a 1099 Form to be completed and returned to the Accounting Dept. at the above address. The IRS requires the filing of this for payment of services (royalties).

Thank you for your continued participation in Information Access Company's products. Please contact me if you should have any questions.

Sincerely,

Paula Scallan
